

09/27/12: Announcements from Bell Tower Advisors

As we continue to grow into our new offices in the village of Chagrin Falls, I wanted to share with you two things:

1. We have hired a wonderful assistant, Connie Sincaglia, who will be here three days each week, assisting with clients, prospects, and general operations. I am so happy to have her here!
2. We have placed an advertisement in the Chagrin Valley Times, which will run every other week, starting in October. Be on the lookout for it and let others know we are here, if you happen to know anyone who could use our assistance with their financial life.

We are committed to helping women in a comfortable and understandable way. We love what we do and we want to help more women. Thanks for reading!
