## 09/08/11: Which NFL Team is the Best Looking?

I did not make this up. This is the subject of an article that appeared in today's Wall Street Journal! I love it. I had to look and see where my favorite team (The Browns, of course) ranked, and we are right up at there at number 3! Yes! This will make watching my Sunday football games that much more enjoyable.

They do this to us all the time though, as females are glamorized in our media constantly. With all the strides that we've made over the years in terms of equality in the workforce and at home, it seems we have not made as much progress on this front. So, it seems only right that we can take an equally shallow look at our male counterparts, and enjoy every minute of it!

The study found that the "most attractive" position in the NFL is the-.kicker! Go figure.
